

# LYNN LAKE LIFE

JULY 2013

## The Sportfishing Capital of Manitoba

### Angler returns home to win Pike Derby

Kami Merasty's 40-inch pike proved to be the biggest fish caught on Berge Lake June 29, making her the \$10,000 winner of the 2013 Lynn Lake Pike Fishing Derby.

Anglers Darren Dumas, Trevor Kruzer and Bobbie Merasty each pulled in pikes measuring 38.5 inches, providing for a three-way tie for second.

In accordance with derby rules, the three names were placed in a pail and Darren, the first name drawn, received the \$2,000 second-place prize. Trevor received \$1,000 for third place and Bobbie received \$500.

The Hidden length (16.5 inches) draw also resulted in a tie with Jeff Hartman from U.S.A. drawn to take home the \$300 prize.

Department of Natural Resources donated two ball caps for prizes, which went to the first and last people to register, respectively Christopher Colomb and Tristan Rakowski.

In all, 96 anglers registered for the live-release derby and brought in 124 fish for measuring, the shortest of which measured 15¼ inches.

The Lynn Lake Chamber of Commerce derby organizers thank the following volunteers, without whom the derby could not be possible: David, Angela and Neil Camp-

**KAMI MERASTY** caught the longest pike of the derby to claim the \$10,000 prize from Chamber President Jim Shortt.

bell; Debbie and Ron Dougherty; Marie Lewis; Pat McDonald and members of the Lynn Lake Chamber of Commerce.

Thank you also goes to management and staff of Department of Natural Resources who delivered tables and set up and dismantled the much-appreciated tent. You folks deserve a pat on the back for toiling during such heat!

Thank you to Mayor and Council and the Town staff who assisted the Chamber during the derby in various ways.

Thank you also to Lynn Inn for donating the ice; to Manitoba Hydro for donating measuring tapes and key chains which were distributed to derby participants; to the Department of Natural Resources for donating caps; and to the Town of Lynn Lake for the

band-aid dispensers provided to all registrants.

Without the significant contribution provided by the sponsors, this derby would not have been possible. They include: Boardman Northland Funeral Services Ltd.; Larry Penner Ent. Ltd.; Strilkiwski Contracting Ltd.; Grey Owl Outfitters Ltd.; Manitoba Hydro Electric Board; Clark's Health & Variety; Snowventures Inc.; Rakowski Cartage & Wrecking Ltd.; Royal Canadian Legion, Branch 236 Lynn Lake; Manitoba Hydro; and Arcadis Group.

**DARREN DUMAS** received \$2,000 for 2nd place.

**TREVOR KRUZER** received \$1,000 for 3rd place.

**BOBBIE MERASTY** received \$500 for 4th place.

# LYNN LAKE

The *LYNN LAKE LIFE* monthly newsletter is produced free for community-wide distribution by the Economic Development Office of the Town of Lynn Lake. This newsletter aims to provide Town residents with both a source of information about what's going on around them, as well as a vehicle with which to inform their neighbours of upcoming events and other items of interest. This newsletter is not intended as means to fan the flames of controversy. Therefore the Community Economic Development Officer retains the right as Editor-in-Chief of *LYNN LAKE LIFE* to refuse any submissions perceived to fall short of the newsletter's mandate to deliver a positive message about life in this Northwestern Manitoba community.

Because of the monthly publication schedule, contributions must be forwarded well in advance of the promoted events, or as soon as the information of interest is available. Photos are welcome.

Please send your contribution to Erkki Pohjolainen as email to [edo@lynnlake.ca](mailto:edo@lynnlake.ca), drop it off at the Town Office, 503 Sheritt Ave., or mail it to Lynn Lake Life, PO Box 100 Lynn Lake MB, R0B 0W0.

## 13 in Walk for Life, raise \$1,840 for Cancer Society

The Lynn Lake Hospital Health Auxiliary held its annual Walk for Life on Father's Day, June 16th, 2013.

The walk started from the Corner Pocket and proceeded to Berge Lake where a barbecue was held for all participants.

A total of 13 people walked the entire distance of approximately eight kilometres and report, it was a beautiful, hot day for a walk. They left Corner Pocket at 1:17 p.m. and the last two people arrived at 2:50 p.m.

"There were times when it would have been easier to just give up and catch a ride the rest of the way, but the thought of family and friends dealing with cancer and knowing they just can't choose the easy way out, gave us the will power to continue on," reports Minnie Carberry.

"We'd like to take this opportunity to thank everyone for participating in the walk and we are hoping for more participants next year."

The walk raised \$1,848.40 for the Canadian Cancer Society.

**Don't forget** to purchase your tickets for the Pink Ribbon Raffle. Draw date is July 20, 2013. Tickets can be purchased from any of the Health Auxiliary members.

**Thanks for your continuous support!**

## Seasonal property fire safety

COTTAGES, CABINS, TRAILERS/RVS, BOATS & HOUSEBOATS ETC.

- Test smoke alarms at least monthly or each time you return to your seasonal home. Pack a new smoke alarm and extra smoke alarm batteries in case they need replacement.
- Install and ensure carbon monoxide alarms in your seasonal home if it has a fuel-burning appliance.
- Develop and practice a home fire escape plan to ensure everyone knows what to do if the smoke alarm sounds.
- Know the telephone number for the local fire department and your seasonal home's emergency sign number, in case of emergency.
- Clean barbecues before using them. Keep an eye on lit barbecues and ensure all combustibles, as well as children and pets are kept well away from them. Fires can happen when barbecues are left unattended.
- Keep barbecue lighters and matches out of sight and reach of children.
- Remember to bring a flashlight with extra batteries.
- Check heating appliances and chimneys before using them.
- Check with your local fire department, municipality, or Ministry of Natural Resources to determine whether open air burning is permitted before having a campfire or burning brush. If open burning is allowed, fires should be built on bare soil or on exposed rock. Remove leaves and twigs from around the fire to keep it from spreading. Always keep a bucket of water, sand, or even a shovel close by and supervise the fire at all times.
- If you must smoke, do so outside. Keep a large can with water nearby so cigarette butts can be safely discarded. If you drink, do so responsibly. Tobacco use and excessive alcohol consumption are contributing factors in many fires and can lead to serious injuries.
- Burn candles in sturdy candleholders that will not tip and are covered with a glass shade. When you go out, blow out!

**Know Your Way:** An analogue watch can be used as a rough compass. Point the hour-hand in the direction of the sun and the north-south axis is midway between the hour hand and 12 o'clock, or 1 o'clock during daylight saving time. To fine-tune this technique for use locally, instead of 12, the reference should be solar noon, which hereabouts is currently just before 2 o'clock.

# Healthy Baby & Healthy Mom program comes to town, July 11

The Healthy Baby & Healthy Mom program will be back in Lynn Lake on July 11 at the Friendship Centre Hall, 1:30-3 p.m.

This month's topics are: Maternal Mental Health, Parenting support, and Newborn care.

As always, there will be a healthy snack and milk coupons for babies up to 6 months old and prenatal moms.

Healthy Baby and Healthy Mom program is usually here the second Thursday of the month, 1:30-3 p.m. at the Lynn Lake Friendship Centre.

For more information call Healthy Baby Outreach Worker Debbie Denis at 204-778-1580.

## What's going on at West Lynn Heights

**Sept. 3:** School starts for teachers and staff

**Sept. 5:** School starts for students

**Aug. 27-31:** Office will be open for pre-registration for kindergarten and new students.

*Have a great summer*

**Did You Know:** While Council has no regular meeting scheduled through July and August, Special meetings may be called to address urgent matters. Minutes from all meetings are available on the Town's Website ([www.lynnlake.ca](http://www.lynnlake.ca)) and at the Town Hall in printed format.

## Partners for Careers

Jamie Halkett

Lynn Lake Friendship Centre Inc.

625 Gordon Avenue

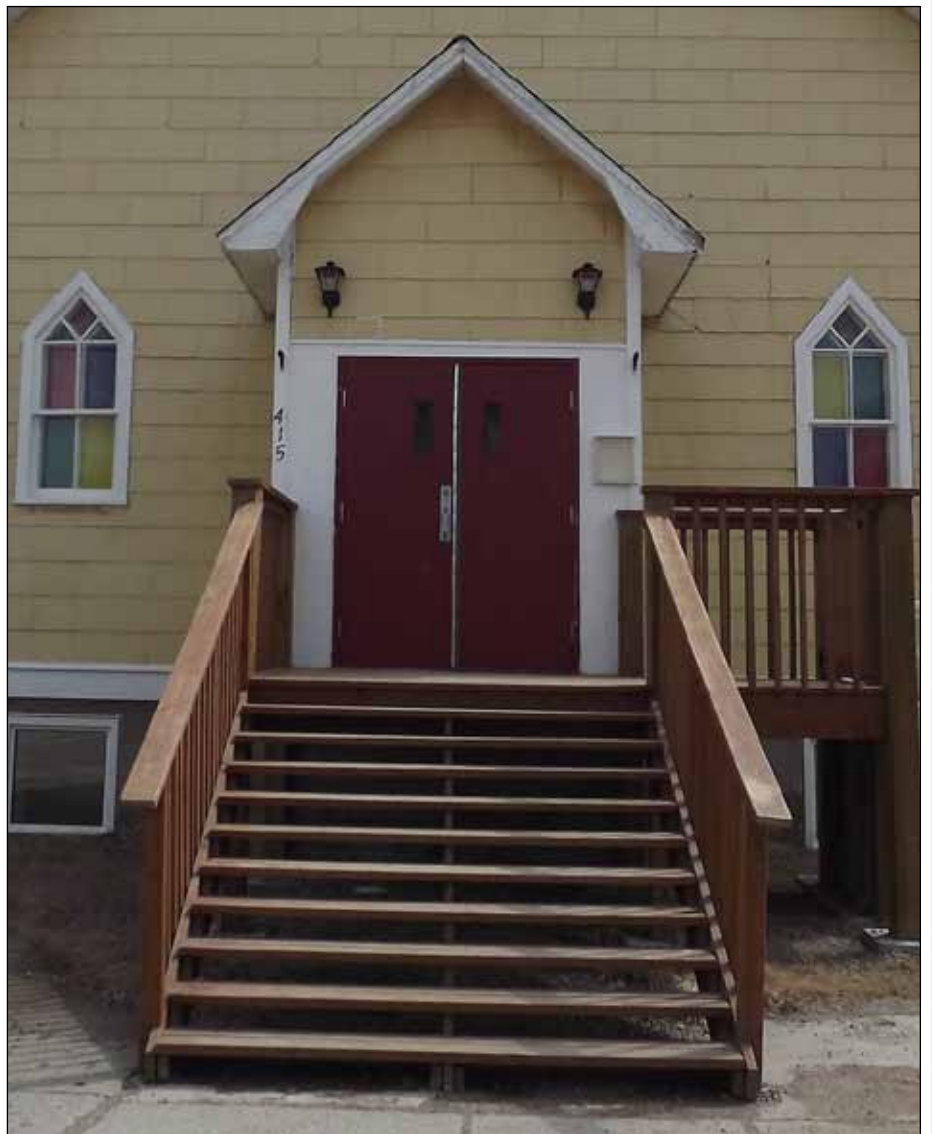

Monday to Friday

8:30 a.m. to 4:30 p.m.

Phone (204) 356-2407

Fax (204) 356-8223

**Resumes; Cover letters; Interview skills; Job applications; Employment Insurance; Child Tax Benefit forms; Social Insurance Number forms; Birth Certificate forms; Applying for post secondary education; Career Cruising; and much more.**

**WHERE IN LYNN LAKE...** is a regular feature in *LYNN LAKE LIFE*. Submit your answer at the Town Office for where this picture was taken to enter a prize draw. Logan Colomb correctly identified last month's photo of the plaque in front of town Office and wins a \$10 gift certificate good at the Lynn Lake Northern Store.

## Province invests in health of families, babies with Healthy Baby program

The provincial government is investing in the health of mothers and babies through the Healthy Baby Program, Children and Youth Opportunities Minister Kevin Chief announced July 3.

"The Healthy Baby Program supports moms and their families early and gives them financial and community support," said Chief. "Early childhood development programs, like Healthy Baby Manitoba, have shown they give babies a strong start by increasing moms' access to prenatal care, increased breastfeeding rates and decreased number of preterm births."

Chief quoted results from the University of Manitoba's Evaluation of the Manitoba Healthy Baby Program, which showed the program translated into a 1.4 to nine per cent reduction in low birth-weight births, 0.4 to six per cent reduction in preterm births, 10 to 21 per cent increase in breastfeeding initiation and four to 5.7 per cent increase in adequate prenatal care.

The province is making an investment of \$4.5 million for 2013 for the Healthy Baby Program to ensure low-income families can access the program's two components: the Manitoba Prenatal Benefit and the Community Support Program.

"I can't think of an investment that would provide a greater return than one at the stage of a child's life in which their life-long capacity, both intellectual and emotional, is so defined. The employer community must recognize that by supporting early childhood de-

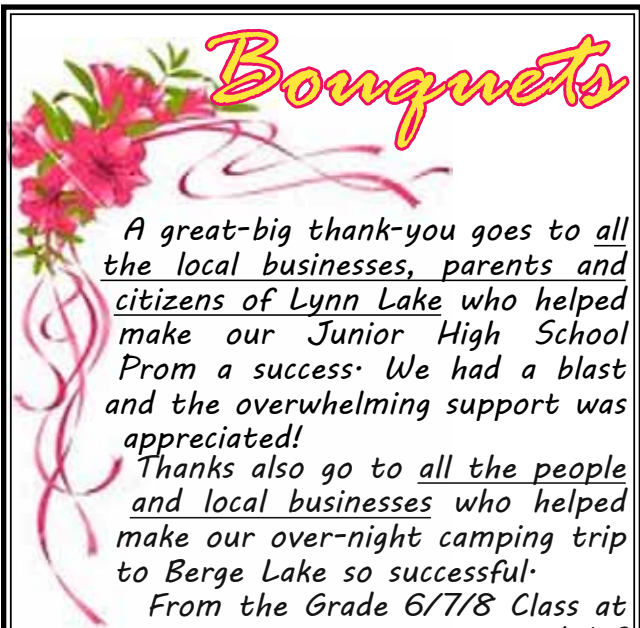

velopment, they are in fact supporting their future workforce," said Dave Angus, president and CEO, the Winnipeg Chamber of Commerce.

The Manitoba Prenatal Benefit is available to all income-eligible pregnant women who live in Manitoba including those who live in First Nations communities. The program provides up to \$81.41 a month to help women meet their extra nutritional needs during pregnancy.

The Healthy Baby Community Programs are delivered through community-based partners at more than 100 sites across the province. Group sessions help pregnant women and new parents with babies up to one year of age connect with other parents, families and health professionals which help ensure healthy outcomes for their babies, Chief said.

"The Healthy Baby Program helps address issues of poverty and nutrition. Families may come for nutritional support such as a healthy snack, but they stay because of the connection they make with other families, health professionals and staff; it all builds toward a strong social support network," said Terrie Redekopp, healthy baby co-ordinator, West Broadway Community Services.

Chief also announced he will go across the province to talk to Manitobans about early childhood development. These public forums and stakeholder meetings - Starting Early, Starting Strong. Join the Conversation - will be held in the months ahead. Visit [www.manitoba.ca/cyo/sess.html](http://www.manitoba.ca/cyo/sess.html) to give feedback and to find out more about upcoming sessions.

*A great-big thank-you goes to all the local businesses, parents and citizens of Lynn Lake who helped make our Junior High School Prom a success. We had a blast and the overwhelming support was appreciated!*

*Thanks also go to all the people and local businesses who helped make our over-night camping trip to Berge Lake so successful.*

*From the Grade 6/7/8 Class at WLHS*

 *Ollie Romanow, Chamber members, Friendship Centre staff and a host of volunteers earn big fresh bouquets this month for all their effort to make the fishing derby and other Canada Day programs so successful in Lynn Lake.*

 *A big bouquet goes out to Connie and the Rangers for their great clean-up at the Cemetery.*

 *A huge thank you to Jim Shortt and Mike Carlino for all of your help and for being so accommodating. WLHS's class of 2013 really appreciates it!*

 *Lynn Lake's Volunteer Firefighters receive a big bouquet for lighting up the sky, July 1.*

 *Thank you to the following who helped us in various ways upon our return to Lynn Lake, June 5: Kon & Debbie Dougherty; Judes & Vickie Tagore; John Crowdis and Karl Klawitter. Also thank you to doctors, nurses and support staff at Lynn Lake Hospital for the care I (Steve) received while in the Hospital.*

*Steve & Ollie Romanow*

**Send a bouquet to show your appreciation, call Erkki, 204.356-2418, [edo@lynnlake.ca](mailto:edo@lynnlake.ca)**

# Reminders from Town Office

## HOURS OF OPERATION

Business are encouraged to please post their hours. The Town continues to receive calls and requests as to the operation hours for the Businesses in Lynn Lake. A good place to post your hours is in Lynn Lake Life - its free!

## REMINDER: NEW GARBAGE COLLECTION SCHEDULE

The New Garbage collection is now in effect. Residential collection is every Thursday, while commercial properties will have twice-weekly collection – Tuesday and Thursday.

The municipal Waste Disposal Grounds new hours of operation are also now in effect. The site will be open Fridays from 9 a.m. to 3 p.m., closing for lunch from noon to 1 p.m.

It is also open the first Saturday every month from 9 a.m. to 2 p.m.

Residents who require assistance with large item removal are asked to contact the Town Office, 356-2418.

## WATER METER INSTALLATIONS CONTINUE

The Water Meter Installation program will continue this summer. Residents are asked to please ensure that your lines are accessible.

## BOIL WATER ADVISORY CONTINUES

Issued by the Medical Officer of Health, Manitoba Health and the Office of the Drinking Water, Manitoba Conservation & Water Stewardship October 12, 2012, the Boil Water Advisory continues.

Until further notice, all water should be brought to a rolling boil for at least one minute before it is used for:

- Drinking and ice making
- Beverage preparation - infant formula
- Preparing food
- Brushing teeth

It is not necessary to boil tap water used for other household purposes, such as laundry or washing dishes.

Adults and older children that are able to avoid swallowing the water can wash, bathe, or shower.

Young children should be sponged bathed. If boiling is not feasible, an alternative and safe supply of water should be used; i.e. bottled water.

The advisory will remain in effect until testing shows that the water is safe for consumption.

## WATER SMART PROGRAM

The Town, through the Life Saving Society, will be offering a Water Smart Program July 15-19.

The courses are provided free and include:

- Swim to survive
- Boat Operator Accredited Training
- Emergency First Aid, CPR Level A & AED

Please contact the Town Office for more information or to register.

## Queen of the Roses

All summer she's toiled  
In the sun and the rain  
To gather her fragrance and beauty so rare.

So that some weary traveler  
Might stop and admire  
The red rose growing there

But the fall has passed  
The snow come last night  
To cover the rose in a blanket of white  
Peacefully, sleeping, her toiling is past  
The queen of roses  
Is resting at last.

BY BETTY DALE

## Nicole Walsh is Lynn Lake's Biggest Loser! AND THAT'S A GOOD THING

The Healthy Lynn Lake Group's Biggest Loser Contest was completed on June 27th. The winners are: 1st place- Nicole Walsh, 2nd place- Steven McDonald, 3rd place- Kelly Clarke. The winner of the door prize was Donald Dysart Senior. Congratulations!

The 26 week competition had 80 participants sign up and also included a grocery store tour at the Northern

with a Registered Dietician and a presentation on how to make successful life changes by the Northern Health Regions Risk Factor Coach.

Both events were well attended and the Healthy Lynn Lake group agrees the project was such a success that they are set to hold another Healthy Biggest Loser project next year.

Thanks to everyone who signed up and keep up the good work!

# Slo-pitch season on in Lynn Lake

Crazy Horse and Corner Pocket teamed up to take on the RCMP and teachers in a friendly season-starter slo-pitch match, June 29, as part of the Canada Day celebrations in Lynn Lake.

Admitting he has a bias, organizer John Crowdis says the Crazy Horse/Corner Pocket squad was victorious in both matches. As the evening played out, he explains, words were exchanged

in reference to the score following the first game and so a challenge was accepted for a rematch. However, keeping with the spirit of the evening, no one kept score for the second game either.

As John explains, the evening served as a starting point for the softball season on Lynn Lake's new ball diamond, which will see games take to the field every Sunday at 7 p.m. through the

summer. He anticipates a continued increase in the number of people showing up week after week, leading to the creation of additional teams.

To make the Sunday evening an occasion for all to enjoy, hotdogs, hamburgers and soft drinks will be sold and proceeds will be dedicated to recreational development in the community.

John points out, too, that he has been speaking with folks in Thompson and they are keenly interested in coming to Lynn Lake to play ball. Hence, plans are underway for a tournament some time in August. Stay tuned!

## New pain clinic in Thompson first step in plan to increase access to specialists in the region

A new clinic in Thompson General Hospital that is helping northern Manitobans manage chronic pain is part of a larger plan to increase access to medical specialists, says Health Minister Theresa Oswald.

"Health care is a priority for the Manitoba government, just as it is for northerners. This new pain clinic will eventually be a part of the expanded Northern Consultation Clinic, which will be redeveloped to attract and accommodate more visiting specialists to the region," said Oswald. "The result will be more specialized medical services offered closer to home for northern families."

The new pain clinic has been up and running since September, when the Manitoba government and Northern Regional Health Authority provided \$350,000 in new funding to purchase specialized equipment to treat pain disorders. Since that time, pain specialists Dr. Chandran Baker and Dr. Howard Intrater have been offering on-site procedures four days a month such as image-guided injections to control pain caused by damaged nerves and joints.

"Doctors Baker and Intrater have been dedicated in championing and leading this comprehensive pain management clinic, which is the first of its kind outside of Winnipeg," said Helga Bryant, chief executive officer, Northern Regional Health Authority. "We're extremely pleased to have these specialists providing care in our region."

Since the clinic opened, nearly 460

patients have been seen. Of those, 39 were scheduled via Telehealth. Referrals to physiotherapy, mental health supports and dieticians are also available through the clinic.

Infrastructure and Transportation Minister Steve Ashton noted the Manitoba government remains committed to the further expansion of the Northern Consultation Clinic in partnership with the regional health authority and community. A planned \$2-million renovation will attract more visiting specialists to offer even more services in Thompson, such as urologists and additional pediatric specialists, saving close to 1,000 patient trips to and from Winnipeg every year, he said.

"Once complete, the new clinic will also include a learning centre to help solidify Thompson as a centre of excellence for northern medical training," said Ashton. "By helping to attract more students and residents to Thompson as part of their training, the clinic will assist in recruiting and retaining more health-care providers to northern Manitoba and ensure patients requiring specialty services are seen in a timely manner."

The Northern Consultation Clinic currently houses specialists in pediatrics, obstetrics and gynecology, ear nose and throat and surgery. Telehealth consultations are also available for people living in remote communities.

The expansion project is in its early stages, with construction expected to start in 2015.

## CHAMBER CHATTER Dinner meeting slated for July 18

The Lynn Lake  Chamber of Commerce will hold its summer dinner meeting at the Corner Pocket 6 p.m., July 18.

Secretary-Treasurer Ollie Romanow will provide a report on the 2013 Lynn Lake Pike Fishing Derby, among other items on the agenda.

All members are encouraged to attend with a guest, as this will be the last meeting prior to September, when regular meetings resume on the fourth Monday of the month.

## Boaters need to have proof of competency

All Boaters are now required to have proof of that they have taken an approved boat safety course.

The Competency of Operators of Pleasure Craft Regulations require all operators of pleasure craft fitted with any type of motor and used for recreational purposes to carry proof of competency on board. Only the Northwest Territories and Nunavut are exempt from this requirement.

Proof of competency indicates the boater has a basic level of boating safety knowledge required for safe recreational boating. In the past, anyone of any age could operate a recreational boat without any minimum boating safety knowledge, experience or training. These requirements were introduced in 1999 in response to boating deaths and injuries, with the goal of improving safety on Canadian waterways through education and training.

Proof of competency can be any of the following:

- A Pleasure Craft Operator Card - this is the most common proof, obtained after passing an accredited boating safety test
- Proof of having passed a boating safety course in Canada before April 1, 1999
- A specified marine certificate from the approved list by Transport Canada.
- A completed rental-boat safety checklist – good only for the rental period
- For Non-Canadian Visitors, an operator card or equivalent which meets the requirements of their own state or country.

**Reference:** Transport Canada

**Correction from last months article:** The Off Road Vehicle Act does exempt side by side vehicles from helmet use should the attached roll bars be approved to hold the weight of the vehicle.

## House For Sale

203 Sherritt Ave., Lynn Lake

~~\$60,000~~ **New Price \$45,000 (OBO)**

It is therefore recommended that to save overtime costs for call-out service, if at all possible you should wait to call until working hours, Monday-Friday.

## call2recycle®

The Town of Lynn Lake is participating in the North America-wide recycling program, Call2Recycle® to make convenient battery recycling available in the community.

The only free rechargeable battery and cell phone collection program in North America, Call2Recycle also collects for recycling all single-use household batteries in Manitoba.

Please drop off dry rechargeable batteries of up to five kilograms in weight and all dry single-use batteries at the Economic Development Office at Town Hall.

Call Economic Development Officer Erkki Pohjolainen at the Town Hall, 204 356-2418, for more information. Contact Call2Recycle at 1-888-224-9764 or visit [www.call2recycle.ca](http://www.call2recycle.ca) to learn more about the program.
